RESCUE DIVERS CAN BE A LIFESAVER

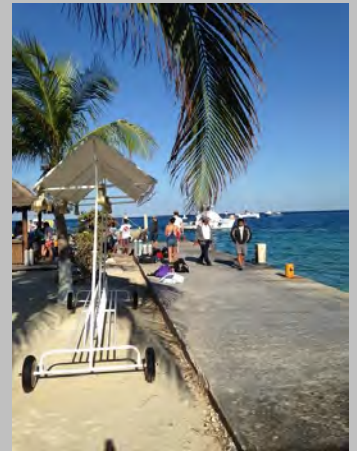

Our first PADI Rescue Diver course of the season is coming up fast on May 14 & 15. This class will make you a better diver and ensure diving is always fun and safe for all of your dive buddies! Sign up soon to hold your spot.

Back in the Lake Tenkiller's favorite diving vessel, the mighty Calypso, will return to the water soon and be running to Party Cove on Tuesday, May 31 for a post-Memorial Day loot recovery dive. Costs \$25 - bring your lunch because we'll be gone long enough for two tanks. Now is the time to get your name on the adventure's roster! The Calypso will be taking dive voyages on Lake Tenkiller all summer, so stay tuned for your next opportunity.

Open Water Classes are... Open! Our Open Water class over Memorial Weekend is already full, so now is the time to tell you non-diving friends to get signed up to be certified this June or July with Gene's Aqua Pro. You can never have too many dives and you can never have too many dive buddies!

Change in Hours We will be closed Saturday, May 7 for OSU Graduation but open every weekend for the summer after that.

See you underwater! -John

PASSPORT TO PARADISE

Our annual group trip to Cozumel, Mexico is only a few months away and it is not too late to join us! We'll be having fun underwater and in the sun July 10-15. \$690 includes lodging, diving, food and drinks. The friends are great, the diving is incredible - you don't want to miss this trip! Dive with people you know, dive with Gene's Aqua Pro!
