

GENE'S AQUA PRO

SEEING THE CENOTES BY THE SEA

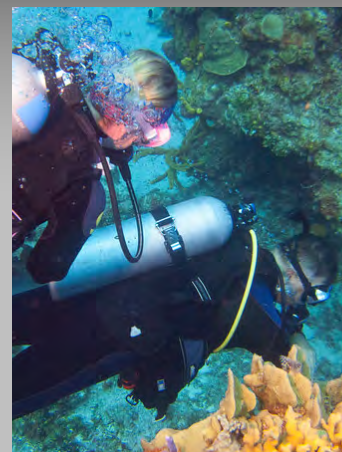

In July, some of our Cozumel divers journeyed to the Mexican mainland to dive the famous cenotes - these unique groundwater lakes offer explorers clear and cool waters.

Diving Into Fall The Oklahoma heat will soon ease, but that doesn't mean the scuba season has ended. Check out our upcoming dive adventures:

- September 17 & 18: Advanced Open Water
- September 24: Emergency First Response (prerequisite for Rescue Diver)
- September 24: Open Boat on the Calypso
- October 1: Nitrox
- October 1 & 2: Rescue Diver
- October 8 & 9: Search and Recovery Specialty
- October 15: 3rd Annual John's Jack-O-Lantern Challenge
- December 10 & 11: Group Trip to Bonne Terre Mine, Missouri

Great Deals on Gear You won't find a better selection of ScubaPro gear than at Gene's Aqua Pro and we have several specials to keep you stocked. Give us a call or stop by for information on women's wetsuit sales, new and used aluminum tanks, and a fresh shipment of our tshirts in brand new colors.

See you underwater! -John

THE BLIND SPOT BUDDY

You know the one. They prefer to dive just out of view, keeping you looking left, right, and rolling belly-up to find them and flash the "OK." Despite the aerobic workouts these blind spot buddies give us, that doesn't make us love diving with them any less. Do you have a funny dive buddy story? Share it with us on Facebook!
