

# GENE'S AQUA PRO

## JOHN'S JACK-O-LANTERN CHALLENGE

Gene's Aqua Pro is proud to present the 3rd Annual John's Jack-O-Lantern Challenge on **Saturday, October 15.**

This underwater pumpkin carving contest is the most fun festivity you'll find this fall!

**Here are the Highlights** All divers must register at the dive shop before 1pm. This event is BYOP - bring your own pumpkin! A tank, BCD, and ScubaPro fins are just a taste of the prizes up for grabs. Like years past, we'll be serving up a free cookout back at the dive shop starting at 3:15 before awarding prizes at 4. See our Facebook page for the full rules and event details.

**Class is Still in Session** October continues the great diving conditions for beautiful Lake Tenkiller. Add another certification to your scuba resume while the water is still warm.

October 1: Nitrox

October 1 & 2: Rescue Diver

October 8 & 9: Search and Recovery

**The Tenkiller "Tenchiller!"** We've started a new Oklahoma tradition unlike any other - it's not to be missed! Start 2017 off right and dive the Tenchiller with Gene's Aqua Pro on New Year's Day!

See you underwater! -John

### BONNE TERRE MINE

*Looking for a weekend getaway this winter? Join us December 10 and 11 and explore what National Geographic calls "one of America's Top Ten Adventures." With two nights' lodging and five incredible dives in crystal clear waters, this trip to Bonne Terre Mine should be on every diver's bucket list. Call for more info!*
