

## READY TO DIVE? YOU'RE IN LUCK.

The 3rd annual Luck of the Irish treasure dive is fast-approaching on Saturday, March 18. Find your luckiest dive buddy and gear up to search for gold!

**The Rules** Teams of two treasure-hunters will report to the dive shop at 10 a.m. for a mandatory briefing before embarking to the lake to search for loot in the form of gold golf balls. All teams and their treasure must return to Gene's Aqua Pro no later than 3 p.m. for prizes to be awarded. The top three teams with the most recovered gold will win prizes, and then we'll draw names for the rest of the swag. Entry fee is \$20/diver and covers your event t-shirt and post-dive meal. Are you up for the challenge of finding treasure in Tenkiller?

**Get Schooled** The Oklahoma Highway Patrol is teaching a Boater Safety class the afternoon of April 9. We're offering a split Advanced Open Water on Saturday, April 15 and Sunday, April 23, as well as a normal weekend Advanced May 6-7. Night Diver Specialty will be offered May 12-13 as well.

**Don't Get Left Ashore!** Space is filling up on our annual group dive adventure to Cozumel, Mexico this July 9-14. Give me a call for more information and to reserve your spot on this trip to paradise!

See you underwater! -John

### SHEARWATER IN STOCK

We're thrilled to add Shearwater to the roster of high-quality dive gear available at Gene's Aqua Pro. The Perdix AI computer is the headliner, boasting air integration so you can read your tank pressure alongside depth, compass, dive time and other info all on your wrist. It really is the cat's meow - come see it up close at Gene's Aqua Pro!
