

EELS, TURTLES AND RAYS, OH MY!

We spent another memorable week with the creatures of the Caribbean, the friendly people of Cozumel and a great group of divers. Adios hasta julio - goodbye until July!

Trip Log Dive sites Chankanab, Cedral Pass, Palancar Gardens, Delilah and the C-53 shipwreck were all explored and enjoyed. We were treated to a light current and had a blast with Divemasters Jeremiah and Jaime. And a special thanks to Stapleton Photography for their outstanding pictures both above and below water, give them a ring for your next event! Ready for your own Cozumel adventure? Our next trip, July 8-13, is filling up fast!

Road Trip We're headed west to Santa Rosa, New Mexico to dive the world-famous Blue Hole on February 17-18. Those taking one of the several specialty classes offered can pick up their books at the dive shop to get a head-start on homework. Even if you're only planning recreational (not class) dives, please give us a call so we can add your name to the roster!

Luck of the Irish Our annual St. Patrick's Day treasure hunt is coming up on Saturday, March 17. Pencil it in, practice your "gold" grabbing and stay tuned for more details in the March newsletter.

See you underwater! -John

DIVE INTO VALENTINE'S February 14th is just around the corner and this is an open call for anyone lucky enough to call their dive buddy their sweetheart, too. Share pictures diving with your darling both near and far on our Facebook page for a chance to win two free air fills for your next dive at beautiful Lake Tenkiller. Happy Valentine's Day to all!
